

Electric Start Residential Diesel Standby Generator Machine 1500rpm 1800rpm

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Product Name: Diesel Generator
- Efficiency: High
- Fuel: Diesel
- Starting System: Electric Start
- Voltage: 400V/230V
- Noise Level: Low
- Speed: 1500rpm/1800rpm
- Power: 20-1000kW
- Highlight: **1500rpm Residential Diesel Standby Generator, Residential Diesel Standby Generator, Electric Start Generator**

Product Description

Product Description:

Diesel Generating Equipment is a reliable and cost-effective diesel power generator designed to provide up to 1000kW of power. It is powered by a engine and utilizes a 1500rpm/1800rpm speed. This generator is also known for its low noise level, making it a great choice for both commercial and residential use. The Diesel Generator is a great choice for any application requiring a reliable source of power. It is built for easy operation, durability, and long-lasting performance. It is also designed for safety and efficiency, making it an ideal solution for any situation.

Features:

Product Name: **Diesel Generator**

Power: **20-1000kW**

Controller:

Starting System: **Electric Start**

Speed: **1500rpm/1800rpm**

Technical Parameters:

Attribute	Value
Controller	
Frequency	50Hz/60Hz
Efficiency	High
Voltage	400V/230V
Noise Level	Low
Power	20-1000kW
Warranty	1 Year
Phase	3 Phase
Speed	1500rpm/1800rpm
Fuel	Diesel

Applications:

Diesel Generator is the perfect choice for those who need reliable and cost-effective power. It is a high-quality, reliable and durable diesel generator with a power range of 20-1000kW. It is certified with ISO9001 and is able to start at the mere press of a button. The generator is equipped with a controller that ensures a smooth and efficient operation. It also has low noise levels, making it ideal for indoor or outdoor use. The generator can be used in a variety of applications, including emergency power supply, industrial operations, and commercial use. It comes with an electric start, and can be shipped in a wooden case. The minimum order quantity is 1, with a delivery time of 10-15 days. Payment terms can be negotiated, and the supply ability is 1000 pieces per week. Diesel Generator is the perfect choice for those who need reliable and cost-effective power.

Customization:

Diesel Power Generator is a reliable and efficient power solution that is manufactured in China and certified by ISO9001. This Diesel Generating Machine is available in a minimum order quantity of 1 unit and is negotiable in terms of price. It is packed in a wooden case and arrives in 10-15 days after order confirmation. Payment can be made through various methods such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. This China Diesel Generator has a supply ability of 1000 pieces per week and comes with a 1-year warranty. The voltage required is 400V/230V and it has a high efficiency and an electric start system. It has two possible speed settings: 1500rpm/1800rpm.

Support and Services:

Diesel Generator offers a full range of technical support and service to ensure your generator runs at peak performance. Our comprehensive services include:

- Diagnosis and repair of Diesel Generator Systems
- Maintenance, installation, and commissioning of Diesel Generators
- Parts and accessories for Diesel Generators
- Customized preventative maintenance contracts
- Remote monitoring and troubleshooting

For more information about our services, please contact us at support@generators.com.

Packing and Shipping:

Diesel Generators are securely packaged and shipped in a box. The box is made with corrugated cardboard and is designed to protect the generator from damage during shipping. Inside the box, there is foam cushioning to absorb any shocks or vibrations during transit. The box is also labeled with the generator's serial number and a barcode to track its movement. To ensure the generator arrives safely, it is recommended that the box is handled with care and carried in an upright position. The box should not be dropped or placed on its side.

FAQ:

- Q1: What is the Brand Name of this Diesel Generator?
- A1: The Brand Name of this Diesel Generator is .
- Q2: Where is this Diesel Generator made?
- A2: This Diesel Generator is made in China.
- Q3: What is the minimum order quantity for this Diesel Generator?
- A3: The minimum order quantity for this Diesel Generator is 1.
- Q4: What is the price for this Diesel Generator?
- A4: The price for this Diesel Generator is negotiable.
- Q5: What is the delivery time for this Diesel Generator?
- A5: The delivery time for this Diesel Generator is 10-15 days.
