Basic Information

- Place of Origin: China
- Brand Name: Minlong
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Frequency: 50/60Hz
- Noise Level: Low
- Control Panel: Digital/Analog
- Fuel Consumption: Low
- Voltage: 220V-480V
- Warranty: 1-2 Years
- Protection System: Overload/Low Oil Pressure
- Cooling System: Air/Water
- Highlight: **50hz Gen Set Container,
60Hz Gen Set Container,
Digital Gen Set Container**

Product Description

Product Description:

Our Container-Based Diesel Generator is a reliable power generator that can be easily mounted within a cargo-container, providing an uninterrupted source of power for a variety of applications. It features a digital/analog control panel, a low fuel consumption, and a 1-2 year warranty. It also comes with an overload and low oil pressure protection system as standard, ensuring that it is safe and secure to use. With its cargo-container design, this generator is perfect for those who need a reliable and convenient source of power in areas where space is limited.

Features:

Cargo-Container Diesel Generator

Operation Mode: Automatic/Manual

Power Output: 10-1000kW

Fuel Consumption: Low

Starting System: Electric/Manual

Voltage: 220V-480V

Technical Parameters:

Parameters	Container Diesel Generator
Voltage	220V-480V
Power Output	10-1000kW
Warranty	1-2 Years
Frequency	50/60Hz
Noise Level	Low
Emission Standard	EU Stage II/EPA Tier 2
Protection System	Overload/Low Oil Pressure
Starting System	Electric/Manual
Operation Mode	Automatic/Manual
Cooling System	Air/Water

Applications:

Container Diesel Generator, also known as Container-Mounted Diesel Generator, is an ideal, reliable and cost-effective solution for mobile power supply. This set of container-mounted generator integrates a diesel engine, an alternator, and a control panel together, which is designed for easy installation and transportation. It is mainly used in places with an unreliable power grid, such as construction sites, mining sites, oil fields, exhibitions, and temporary events. It is manufactured by Minlong with ISO9001 certification, and the minimum order quantity is 1. The price is negotiable, and it is packaged in wooden cases. The delivery time is 10-15 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, MoneyGram. The supply ability is 1000 pieces per week. It features a digital/analog control panel, diesel fuel type, overload/low-oil pressure protection system, frequency of 50/60Hz, and voltage of 220V-480V.

Support and Services:

Technical Support and Service for Container Diesel Generator

Our professional team provides you with full-service technical support and service for Container Diesel Generator. We are dedicated to offering you the best solutions and support services when it comes to your generator needs.

On-site maintenance and repair

Customized service plans

Consultation and troubleshooting

Regular maintenance and testing

24/7 emergency response

We provide comprehensive support for your generator, from installation to maintenance and repair. Our team of experts will work with you to ensure that your generator is running efficiently and reliably.

Packing and Shipping:

The Container Diesel Generator is packaged and shipped in the following way:

The generator is placed in a specialized container to ensure its protection during shipping.

The container is then securely sealed and labeled for transport.

The container is then loaded onto a truck or rail car for delivery.

Upon arrival at the destination, the container is opened and the generator is inspected for any damage.

The generator is then unloaded and installed in its designated location.

FAQ:

Q&A about Container Diesel Generator

Q1: What is the brand name of the Container Diesel Generator?

A1: The brand name of the Container Diesel Generator is Minlong.

Q2: Where is the Container Diesel Generator made?

A2: The Container Diesel Generator is made in China.

Q3: What certifications does the Container Diesel Generator have?

A3: The Container Diesel Generator is certified with ISO9001.

Q4: What is the minimum order quantity for Container Diesel Generator?

A4: The minimum order quantity for Container Diesel Generator is 1.

Q5: How is the Container Diesel Generator packaged?

A5: The Container Diesel Generator is packaged in a wood case.
