

15KW 50Hz Ricardo Diesel Generator ZHQ2110D Engine Three Phase Output

Our Product Introduction

For more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Ricardo
- Certification: ISO9001, ISO14001, CE
- Model Number: ZHQ2110D
- Minimum Order Quantity: 1 Set
- Price: 1310USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Frequency: 50Hz
- Canopy: Customized
- Excitation Type: Brushless Self-excitation
- Output Type: AC Single/Three Phase
- Rated Frequency: 50HZ/60HZ
- Product: Diesel Generator
- Starting System: Electric Start
- Highlight: **15KW Ricardo Diesel Generator,
Three Phase Ricardo Diesel Generator**

Product Description

Product Description:

15KW 50Hz Ricardo Diesel Generator With Ricardo ZHQ2110D Engine Three Phase Output

Ricardo Diesel Generator

The Ricardo Diesel Generator is a high-quality and reliable power source designed for industrial, prime power, and standby applications. With its efficient and energy-saving features, it provides a durable solution to meet the power needs of various industries.

Product Overview

The Ricardo Diesel Generator is a versatile and powerful machine that provides stable and uninterrupted power supply. It is equipped with a brushless self-excitation system, which ensures reliable and consistent performance. This generator is capable of producing single or three-phase AC output, making it suitable for a wide range of applications.

Efficient and Energy-saving

The Ricardo Diesel Generator is designed with efficiency and energy-saving in mind. It is equipped with advanced technology that maximizes fuel efficiency while minimizing emissions. This not only helps in reducing operational costs but also makes it an environmentally friendly option.

Reliable Performance

The Ricardo Diesel Generator is built to deliver consistent and reliable performance. It is powered by a high-quality Ricardo diesel engine, which is known for its durability and long service life. The generator also undergoes rigorous testing and quality checks to ensure it meets the highest standards of performance and reliability.

Multiple Applications

The Ricardo Diesel Generator is suitable for a wide range of applications, including industrial, commercial, and residential use. It can be used as a prime power generator to provide continuous power supply for large-scale operations, or as a standby generator to provide backup power during emergencies. Its versatility makes it an ideal choice for various industries such as construction, agriculture, telecommunications, and more.

50Hz Frequency

The Ricardo Diesel Generator operates at a frequency of 50Hz, making it compatible with most international standards. It is designed to provide stable and consistent power output, making it a reliable choice for critical applications.

Rated Frequency of 50Hz/60Hz

The Ricardo Diesel Generator is designed to operate at both 50Hz and 60Hz frequency, giving it the flexibility to be used in different regions. This feature makes it an ideal choice for businesses with global operations.

Conclusion

The Ricardo Diesel Generator is a high-quality, reliable, and efficient power solution that meets the diverse needs of various industries. With its durable construction, energy-saving features, and versatile applications, it is the perfect choice for businesses looking for a dependable power source. Invest in the Ricardo Diesel Generator for uninterrupted power supply and peace of mind.

Features:

Product Name: Ricardo Diesel Generator

Canopy: Customized

Product: Diesel Generator

Frequency: 50Hz

Noise Level: ≤ 70dB(A)

Rated Frequency: 50HZ/60HZ

Ricardo Diesel Commercial Generator

Ricardo Diesel Continuous Power Generator

Technical Parameters:

Ricardo Diesel Prime Power Generator	Ricardo Diesel Residential Generator
Package: Wooden Case Packing	Package: Wooden Case Packing
Starting System: Electric Start	Starting System: Electric Start
Output Type: AC Single/Three Phase	Output Type: AC Single/Three Phase
Frequency: 50Hz	Frequency: 50Hz
Excitation Type: Brushless Self-excitation	Excitation Type: Brushless Self-excitation
Rated Frequency: 50HZ/60HZ	Rated Frequency: 50HZ/60HZ
Noise Level: ≤ 70dB(A)	Noise Level: ≤ 70dB(A)
Engine: Ricardo N4105DS	Engine: Ricardo N4105DS
Canopy: Customized	Canopy: Customized
Product: Diesel Generator	Product: Diesel Generator

Applications:

Ricardo Diesel Generator

Brand Name: Ricardo

Place of Origin: China

Certification: ISO9001, ISO14001, CE

Are you looking for a reliable and high-quality power backup solution for your home or business? Look no further than the Ricardo Diesel Generator!

The Ricardo Diesel Generator is a top-of-the-line product from the renowned brand Ricardo. With its origin in China, the generator is manufactured under strict quality standards and is certified with ISO9001, ISO14001, and CE, ensuring its reliability and safety.

The generator is perfect for a variety of applications and scenarios, providing continuous power and peace of mind. Whether you need it for your home, small business, or larger industrial applications, the Ricardo Diesel Generator has got you covered.

Product Attributes:

Minimum Order Quantity: 1 Set

Packaging Details: Please consult customer service.

Delivery Time: About 30-50 days

Payment Terms: L/C, T/T, Western Union, MoneyGram

Supply Ability: 100 Set/Month

Engine: Ricardo N4105DS

Starting System: Electric Start

Frequency: 50Hz

Package: Wooden Case Packing

Rated Frequency: 50HZ/60HZ

Applications and Scenarios:

The Ricardo Diesel Generator is extremely versatile and can be used in a wide range of applications and scenarios. Some of the common use cases include:

Backup Power Generator: The Ricardo Diesel Backup Generator is the perfect solution for homes and businesses that need a reliable backup power source. It can provide continuous power for extended periods, ensuring that your essential appliances and equipment keep running during power outages.

Continuous Power Generator: For industrial and commercial applications that require a continuous power source, the Ricardo Diesel Continuous Power Generator is the ideal choice. With its robust engine and reliable performance, it can provide uninterrupted power for extended periods, making it suitable for factories, data centers, and other critical facilities.

Remote Locations or Off-Grid Power: The Ricardo Diesel Generator is also an excellent option for remote locations or off-grid power needs. With its powerful engine and efficient fuel consumption, it can provide reliable power in areas without access to the main power grid.

With its high-quality components and advanced technology, the Ricardo Diesel Generator is designed to deliver reliable and efficient performance in any situation. So, whether you need a backup power solution for your home, or a continuous power source for your business, the Ricardo Diesel Generator is the perfect choice!

Don't wait any longer, contact us today to learn more about the Ricardo Diesel Generator and how it can meet your power needs.

Customization:

Ricardo Diesel Generator Customization Service

Product Attributes:

Brand Name: Ricardo

Place of Origin: China

Certification: ISO9001, ISO14001, CE

Minimum Order Quantity: 1 Set

Packaging Details: Please consult customer service.

Delivery Time: About 30-50 days

Payment Terms: L/C, T/T, Western Union, MoneyGram

Supply Ability: 100 Set/Month

Excitation Type: Brushless Self-excitation

Noise Level: ≤ 70dB(A)

Starting System: Electric Start

Canopy: Customized

Package: Wooden Case Packing

Key Words: Ricardo Diesel Power Generator, Ricardo Diesel Standby Generator, Ricardo Diesel Power Generator Set, Ricardo Diesel Electric Generator, Ricardo Diesel Generator for Sale

Packing and Shipping:

Packaging and Shipping for Ricardo Diesel Generator

Packaging:

The Ricardo Diesel Generator will be carefully packaged to ensure safe and secure delivery. It will be placed in a sturdy wooden crate and wrapped with protective materials such as bubble wrap and foam padding. The crate will also be sealed with strong straps to prevent any movement or damage during transportation.

Shipping:

The shipping of the Ricardo Diesel Generator will be arranged by our team, using reliable and trusted carriers. The generator will be shipped via land, sea, or air depending on the customer's location and preference. We will also provide tracking information so the customer can monitor the progress of their delivery.

For international shipments, all necessary customs documentation and declarations will be completed to ensure smooth and timely delivery. Our team will also work closely with the customer to ensure any specific shipping requirements are met.

Upon arrival, the customer is responsible for inspecting the package for any damages or missing items. If any issues are found, please contact us immediately so we can resolve the issue.

Conclusion:

At Ricardo, we take great care in packaging and shipping our products to ensure they arrive in perfect condition. We strive to provide a hassle-free and efficient shipping experience for our customers, no matter where they are located. Thank you for choosing Ricardo Diesel Generator.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is Ricardo.

Q: Where is this product manufactured?

A: This product is manufactured in China.

Q: What certifications does this product have?

A: This product is certified with ISO9001, ISO14001, and CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 set.

Q: How is this product packaged?

A: Please consult customer service for packaging details.

Q: What is the estimated delivery time for this product?

A: The estimated delivery time for this product is about 30-50 days.

Q: What are the accepted payment terms for this product?

A: The accepted payment terms for this product are L/C, T/T, Western Union, and MoneyGram.

Q: What is the supply ability for this product?

A: The supply ability for this product is 100 sets per month.
